

2023 Application Process for Camp LUCK Kids Camp

Open enrollment for Kids Camp runs from **February 9, 2023 to March 31, 2023**. Once accepted for Kids Camp, ALL campers (heart kids and sibs) must submit a medical form completed in full from their Primary Care Provider.

**Physical Exams must be within the last 18 months.*

Application Process

You will need the following information to complete your child's CampDoc Profile:

- Cardiac diagnosis
- Current medications and allergy information
- Immunization records
- Insurance information
- Recent headshot photo of your child (Please be sure that the image is clear and only includes the individual, not a group photo)

If your child has been to camp before, please ask them the following questions:

1. Their favorite thing about Camp.
2. Is there a camper they would like in their cabin? (Requests will only be considered for the same age range and gender campers.)

All information must be entered into CampDoc and 100% complete by April 3, 2023, to give our Medical Team enough time to review your child's profile.

How do I know if my child was enrolled or accepted?

After completing your child's CampDoc profile in full, you will receive a confirmation email tentatively enrolling your child. Once our Medical Team has reviewed all materials to ensure your child is a good fit for Camp, you will receive an email letting you know your child's status. If your child is accepted, you will need to have the Camp LUCK Camper Medical Form completed by your child's Primary Care Provider. This form is due by June 1, 2023. ****If we do not receive this form on or before June 1, 2023, your camper may lose their saved camper spot & be placed on the waitlist.**

For any questions, please don't hesitate to get in touch with Kim Jackson at kim.jackson@campluck.com
